

Draft email text to share with your employees

Dear colleague

As you are hopefully aware, in **April/May/June** as part of our support for you during the changing stages of the lockdown and pandemic phases, we communicated about a new resource to help you and your families, the [Financial Wellbeing Employee Toolkit](#), which we hope you have found useful.

Lots of new content added – Check it out!

Since original launch, a lot of new and informative material has been added to the site (and original documents and videos updated to reflect any changes as we come out of lockdown)

Mercer welcome your feedback

Whether you are using the site for the first time, or have been returning (as new material and content has been added/updated regularly), Mercer would appreciate it if you could take **a few** minutes to **complete this brief Survey**. It will let them know how useful you have found the material, and allow them to continue to improve these resources in future.

[Access the survey](#)

The survey covers two short sections – the first is about your use (or not) of the Mercer site, the second is about how you feel your own Financial Wellbeing has been during the pandemic so far. Please note that the data/answers you submit will be **completely anonymous** and Mercer will **not collect any personally identifiable data** from you, such as your name or your email address.

[Any specific Company message here...]

Thank you in advance if you are able to spare a few minutes to provide your feedback and comments to Mercer, and we hope you will continue to find the materials useful for you and your families in the coming months.
